PUBLIC HEALTH PREVENTION IN SCHOOLS: A RESOURCE GUIDE
CAUSE I AIN’T GOT A PENCIL

by Joshua T. Dickerson

I woke myself up
Because we ain’t got an alarm clock
Dug in the dirty clothes basket,
Cause ain’t nobody washed my uniform
Brushed my hair and teeth in the dark,
Cause the lights ain’t on
Even got my baby sister ready,
Cause my mama wasn’t home.
Got us both to school on time,
To eat us a good breakfast.
Then when I got to class the teacher fussed
Cause I ain’t got no pencil.

ABOUT THIS GUIDE

Homelessness, teen pregnancy, hunger, school violence and chronic or traumatic stress are some of the social determinants of not only health but also educational success. When students wrestle with these social and structural barriers, they are more likely to miss and feel disconnected from school and have worse educational outcomes, including higher rates of dropout. This resource guide was developed to provide practical public health strategies to reduce health inequities and improve educational outcomes among high risk and vulnerable children and adolescents.

Each school has unique needs and will have different priorities. Examining school data can help us understand underlying issues in order to best address student needs. After identifying common issues at your school, this resource guide can assist in planning and adopting strategies to tackle unmet needs and help students succeed.

Implementing these strategies often requires the support of school leadership. Visit the Community Tool Box to find helpful tools and approaches on how to engage administration and enact change in your school.

ABOUT APHA

APHA champions the health of all people and all communities. We strengthen the public health profession. We speak out for public health issues and policies backed by science. We are the only organization that influences federal policy, has a 145-year perspective and brings together members from all fields of public health.

ABOUT CSHE

APHA’s Center for School, Health and Education advances school-based health care as a proven strategy for preventing school dropout. We work with health and education partners to develop and implement public health strategies school-wide to improve the well-being and educational success of all students. Learn more at www.schoolbasedhealthcare.org.

CHRONIC ABSENTEEISM

The US Department of Education defines chronic absenteeism as a student missing 15 or more days of school during the year. High levels of chronic absenteeism are linked with low levels of literacy by third grade, higher likelihood of high school dropout and low levels of persistence in college.

#### PREVENTION & INTERVENTION POLICIES

<table>
<thead>
<tr>
<th>SCHOOL CAN FIGHT POVERTY STIGMA BY PROVIDING UNIVERSAL MEALS FOR STUDENTS.</th>
</tr>
</thead>
<tbody>
<tr>
<td>SCHOOL CAN ENGAGE PARENTS AND COMMUNITY TO ENCOURAGE HEALTHY AND COST-CONSCIOUS EATING.</td>
</tr>
</tbody>
</table>

#### PRACTICES

| PROVIDE BREAKFAST IN THE CLASSROOM, SUMMER MEALS AND AFTER SCHOOL MEALS TO ALL STUDENTS.  
| ENSURE BREAKFAST IN THE CLASSROOM.  
| ENSURE SUMMER MEALS AND AFTER SCHOOL MEALS.  
| ESTABLISH A SCHOOL FOOD PANTRY.  
| OFFER CLASSES TO FAMILIES AND COMMUNITY MEMBERS ON HOW TO SHOP FOR CHEAP AND HEALTHY FOOD.  
| OFFER CLASSES TO FAMILIES AND COMMUNITY MEMBERS ON HOW TO COOK CHEAP AND HEALTHY MEALS. |

#### SUCCESS STORIES

| FAIRFAX COUNTY PUBLIC SCHOOLS SERVE HEALTHY MEALS FOR LUNCH.  
| FOOD PANTRIES ESTABLISHED IN CALIFORNIA SCHOOL.  
| COOKING MATTERS PROVIDES GROCERY STORE TOURS TO FIND HEALTHY FOOD ON A BUDGET.  
| SCHOOL GARDEN IN WEST PHILADELPHIA NOURISHES STUDENTS AND SURROUNDING COMMUNITY. |

## HOUSING INSTABILITY

Housing instability affects over 1.3 million students in the United States. Homeless children include those who lack a fixed, regular and adequate nighttime residence. Housing instability disrupts students’ academic, emotional and physical well-being.

<th><strong>PREVENTION &amp; INTERVENTION POLICIES</strong></th>
<th><strong>PRACTICES</strong></th>
<th><strong>SUCCESS STORIES</strong></th>
</tr>
</thead>
</table>
| All staff members should undergo training related to identifying and intervening with homeless youth. | Look for warning signs such as:  
- Poor hygiene.  
- Uncharacteristic behavior.  
- Repeated clothing choices.  
- Hoarding belongings.  
Form relationships with new students on their first day, and continue developing relationships with all students throughout the year.  
Standardize systems for identifying homeless students; screen students at multiple points during year. | National Center for Homeless Education’s list of warning signs.⁹  
Promotor Pathway model connects youth to mentors.¹⁰  
Schools in Michigan and Washington adjust their approach to counting homeless students.¹¹ |
| Teachers and administrators can provide additional support for students living in unstable housing. | Offer flexible deadlines and additional work time outside of class.  
Assist and practice patience with transfer students concerning transcripts and test scores.  
Offer showers, washing machines and school supplies. | Missouri school district provides shelter, food and clothing to students in need.¹²  
Missouri and California introduce washing machines, attendance improves.¹³ |

### ADDITIONAL RESOURCES:

**Understanding the Issue:**
- US Department of Education’s definition of homeless youth  
- Homelessness in America’s public schools  
- Information for homeless liaisons

**Additional Success Stories:**
- National Center for Homeless Education’s helpline assists parents and those working with homeless youth  
- Student and Family Stability Initiative  
- California superintendent describes school’s role in addressing homelessness  
- Compilation of resource guides related to homelessness  
- Teacher’s guide to helping homeless students  
- Helping the homeless inside school and out  
- RISE model brings school to homeless students  
- San Francisco school district partners with homeless organization
RECESS

Recess improves classroom attentiveness and allows children to grow physically, emotionally and socially.

ADDITIONAL RESOURCES:

Understanding the Issue:

- Physical education in schools
- Crucial role of recess in school
- Adult's role in recess

Additional Success Stories:

- Recess before lunch
- Recess backed by science
- Benefits of recess
- Strategies for recess in school
- Texas schools add recess
- Recess improves behavior and performance

PREVENTION & INTERVENTION POLICIES

School should protect daily recess and take steps to guarantee its spot in the schedule.

PRACTICES

- Reward extra recess time for good behavior rather than taking away recess for bad behavior.
- Designate indoor and outdoor recess locations for inclement weather, distinguish between recess and physical education class.

SUCCESS STORIES

- North Carolina adjusts recess policy to engage students.
- Schools across the country see improvements in behavior and decreases in food waste.
- Playworks trains teachers how to interact with students on the playground.

School should take measures to optimize the role of recess in the school day.

- Hold recess before lunch instead of after lunch.
- Train teachers and support staff on recess supervision.
## RESTORATIVE JUSTICE

Restorative justice is a philosophy that holds that wrong-doing is best addressed through identifying the harm done by those actions and taking steps to repair that harm.

<table>
<thead>
<tr>
<th>PREVENTION &amp; INTERVENTION POLICIES</th>
<th>PRACTICES</th>
<th>SUCCESS STORIES</th>
</tr>
</thead>
<tbody>
<tr>
<td>School should pursue creative ways to connect with the community.</td>
<td>Pursue shared use agreements to open playground and open space to public. Engage with community organizations to address unmet needs.</td>
<td>California school opens park through shared use agreement. 21 Washington school partners with local organizations to address poverty-related challenges. 22</td>
</tr>
</tbody>
</table>
## PARENT ENGAGEMENT

Parent engagement is defined as parents and school staff working together to support and improve the learning, development and health of children and adolescents.

### PREVENTION & INTERVENTION POLICIES

<table>
<thead>
<tr>
<th>SCHOOL SHOULD COMMUNICATE WITH PARENTS OFTEN ABOUT CHILD’S STATUS AND OPPORTUNITIES.</th>
</tr>
</thead>
<tbody>
<tr>
<td>SCHOOL CAN PROVIDE OPPORTUNITIES FOR PARENTS TO ENGAGE IN HEALTHY ACTIVITIES.</td>
</tr>
</tbody>
</table>

### PRACTICES

- Notify parents of positive behavior more than negative behavior.
- Inform parents of events and services offered by schools, e.g., school-based health centers and other school-connected services.
- Offer workshops and classes to parents that focus on healthy eating, computer skills, financial literacy, etc.

### SUCCESS STORIES

- California teacher shares her experience with positive phone calls.\(^{23}\)
- Chicago school offers “Parent University” for guardians to learn various skills and engage with the school.\(^{24}\)

### ADDITIONAL RESOURCES:

#### Understanding the Issue:
- CDC’s guide to parent engagement
- National Education Association spotlight on parenting engagement
- Child Trends resource on parent involvement in schools
- Handbook on family and community engagement

#### Additional Success Stories:
- Parent engagement correlates with student success
- Importance of parent engagement
- Benefits of parent engagement
- Reasons to value parent engagement
- Washington school district takes unconventional approach
- Boston school welcomes parents
- Teachers visit home
- Parent engagement is celebrated during American Education Week
STUDENT ENGAGEMENT

Student engagement refers to the degree of attention, curiosity, interest, optimism and passion students show when they are learning or being taught, which extends to the level of motivation they have to learn and progress in their education.

<table>
